DESTRUCTIVE FIRE.

Valuable Property Destroyed in Allegheny City.

LOSS NEARLY HALF A MILLION.

Eberhardt & Ober, the Godfrey & Clark Paper Company and the H. J. Heinz Pickle Company, besides a Number of Small Property Owners, Burned Out. Other Fire Losses.

PITTSBURG, April 5.—Allegheny City was visited by fire yesterday evening, which destroyed about \$400,000 worth of property. The principal sufferers were: Eberhardt & Ober, the Godfrey & Clark Paper Company and the H. J. Heinz Pickle Company, besides a number of small property owners.

The fire is supposed to have been caused by a spark from their own smokestack flying into an open window of the sorting room of Godfrey & Clark's warehouse. It spread rapidly, enveloping that building in flames and then spreading to the malthouse, warehouse and elevator of Eberhardt & Ober Brewing company. The Allegheny department, after a futile attempt to stay the course of the fire, summoned aid from Pittsburgh. The firemen fought hard, but did not succeed in getting control of the fire until a late hour last night.

The fire burned over the best part of two blocks, also destroying the lumber yard and planing mill of Kopp & Voegtly, the old Hepe cotton mill building, occupied by the H. J. Heinz Pickle Company as a warehouse, and a number of dwellings. A number of minor accidents occurred.

The losses as near as can be obtained are: Eberhardt & Ober, \$75,000 on building, insured for \$44,000; stock \$125,000, insured for \$50,000; Godfrey & Clark, \$25,000 on building, insured for \$30,000; \$35,000 on stock, insured for \$81,000; E. M. Ferguson, owner of the Hope cotton mill building, \$22,000; insurance not known; H. J. Heinz Pickle Company, on stock, \$20,000, partially insured; four houses owned by Thomas Loughery, \$10,000, small insurance; Kopp & Voegtly, lumber yard and planing mill, \$30,000, insurance not known; a number of dwelling houses, etc., increasing the loss to \$400,000.

Eberhardt & Ober were unable last night to furnish a list of the companies in which they were insured. Godfrey & Clark are insured in 30 different companies, in sums ranging from \$500 to \$5,000, the principal companies being the Mutual of New York for \$5,500 and the Columbia of Louisville for \$3,000. This is the fourth time they have burned out in 15 years, their losses amounting to \$410,000, with a total insurance only of \$110,000. Both companies will rebuild at once.

FIRE IN CUMBERLAND, MARYLAND.
Nearly Half a Hundred Houses Destroyed in a Few Hours.

CUMBERLAND, April 5.—A few minutes after 6 o'clock yesterday evening fire, supposed to be of incendiary origin, was discovered in a stable in an alleyway in the rear of the McKaig block on Baltimore street, bounded by Liberty and Mechanic streets, in the very heart of the city. There were a number of wooden structures in this alleyway, and as the wind was blowing a heavy gale, the rear of the block was soon a seething mass of flames.

In quick succession the buildings on Baltimore street occupied by the New York Clothing company; Charles White, dry goods; Thomas Coleman, groceries, and Stern's clothing store, were gutted. Meanwhile the fire spread rapidly up Mechanic street, and with the wind showering sparks to remote parts of the city a wholesale conflagration seemed certain. Mayor Hebb telegraphed for assistance to Washington, Pittsburgh, Martinsburg, W. Va.; Frederick, Md.; Frostburg, Md.; Parkersburg, W. Va.; Myersdale, Pa. and Bedford, Pa.

After a six-hours' hard struggle the fire was finally gotten under control, having consumed six buildings on Mechanic street and seven buildings on Baltimore street. Assistance had arrived at about 7 o'clock from Martinsburg, W. Va., and Bedford, Pa. Washington had started an engine and two reels, which were stopped at Martinsburg.

In all 15 places of business, a boardinghouse and a restaurant and seven dwelling houses were completely destroyed.

While the fire was at its height another was started by the careless dropping of a lighted match in a frame structure in the southern portion of the city. Twelve buildings were completely destroyed before this second fire was subdued.

As nearly as can be estimated the total loss will foot up to \$250,000.

World's Fair Hotel Burned.
CHICAGO, April 5.—The new World's Fair hotel at Sixty-second street and Oglesby avenue, known as the Le-mont, and just approaching completion, was destroyed by fire yesterday afternoon. The loss, covered by insurance, will be \$30,000.

Opera House and Church Destroyed.
CALLEDONIA, Minn., April 5.—The opera house and the German Lutheran church were burned yesterday. Loss \$50,000. No insurance.

BATTLE WITH A BLIZZARD.

Terrible Experience of Two Men on Mount Katahdin.

PATTEN, Me., April 5.—News has reached here that Edward Blatchford of Chicago, with A. Sparring of Pasadena as guide, left McLeod's camp on the Wassataquoit to make the ascent of Mount Katahdin. When within a mile of the top the snowshoes were put aside, the men intending to make the top and return before dinner. The highest peak was reached without an accident and the two were about to return, when, without warning, a thick mist settled down, bringing with it a furious blizzard. The cold was intense. To remain where they were meant certain death. To regain the snowshoes was impossible.

The only chance of the unfortunate men was to reach the timber below by a most hazardous descent. The mountain was as slippery as glass, and to get a foothold was impossible. The only thing to do was to slide. This they did. Throwing themselves at full length they flew down the precipitous side, suffering terrible bruises and not knowing whether the next moment would land them in the coveted shelter or eternity. At one time the men were brought to a violent stop, only to find that a few yards more and they would have been hurled 2,000 feet into the basin beneath.

Still their only chance was to reach the timber. Once more they hazarded the slide, and this time, by a lucky chance, brought up on a ridge near the Belton line, 12 miles from camp. Their chances for life were still slight. Lame and bruised and without snowshoes they started on their long tramp. At times the snow would be nearly to their necks, but they fought on. At last, long after nightfall, exhausted by their long struggle, their clothing in tatters and their faces and other parts of their bodies bruised they reached the McLeod camp. The men at the camp had given them up for lost hours before.

SEQUEL TO A TRAGEDY.

The Wickedest Woman in West Virginia Probably Lynched.

CHARLESTON, W. Va., April 5.—About a week ago Police Officer John Chandler of Bluefield, Mercer county, was shot and killed in a disorderly house kept by Kiz Reed, the wickedest woman in West Virginia.

A row was started at her joint near Bluefield last night and Charles Morgan, colored, fired into the crowd killing John Lessee, colored. Morgan was lynched to a tree almost in front of the house and his body riddled with bullets. Kiz Reed has fled, with a portion of the mob in pursuit and it is reported was lynched on the Virginia side of the state line.

Died of His Injuries.

WARREN, Ind., April 5.—Joseph M. Benewitz, old and respected citizen of Serbia, a village in the northern part of this county, died last night from injuries received Monday in a frightful runaway. The horse splintered the dashboard, a piece of which struck Mr. Benewitz on the side of his head, crushing the skull and cutting off his left ear. He fell from the vehicle and was dragged several rods, his body being bruised most horribly.

Exchange of Express Companies.

PHILADELPHIA, April 5.—The United States Express company superseded the American Express company on the New York and New England railroad last night. This gives the United States Express company an all rail route to Boston in connection with the Philadelphia and Reading, Jersey City Central and Baltimore and Ohio and their connections west of Chicago.

A Horror Came at St. Louis.

ST. LOUIS, April 5.—In a squalid little room, rear of 220 Walnut street, late last night was found the body of Frederick Gille, an army veteran, 54 years old. He had been lured into the room, strangled to death and robbed of whatever money he had. The means used were exactly similar to those of the villainous French garrotes.

Bartlett Tripp of South Dakota, who goes as minister to Austria-Hungary, was one of the pioneers in the Dakotas before the division of the territory. He is 48 years of age, and is a brother-in-law to Senator Davis of Minnesota.

Eben Alexander, nominated to be minister to Greece, Roumania and Servia, is at present a Greek professor at the University of North Carolina. Professor Alexander is a little more than 40 years of age and has been in his present place for 10 years.

The nomination of James E. Neal of Hamilton, O., is a result of a personal request by ex-Governor Campbell, reinforced by Senator Brice. Colonel Neal is one of the leading Democrats of Ohio and early in the seventies while a young man was speaker of the house of representatives of the general assembly. He has always been an active Democrat, and was chairman of the state campaign committee, which resulted in Mr. Campbell's election. He has never held a federal office.

GOING TO HIGHER COURTS.

Both the Toledo Labor Trials Will Be Appealed.

TOLEDO, April 5.—James Lennon, the Lake Shore engineer who was found guilty of contempt of court, according to Judge Ricks' decision, has, in obedience to the instructions of his attorneys, refused to pay his fine and has been formally arrested and is in the custody of the court. His attorneys will appeal the case to the supreme court of the United States for a writ of habeas corpus and it will come up at Washington as soon as possible. The Brotherhood of Locomotive Engineers will fight the matter to the bitter end and will not spare any expense. They realize that the final decision is of vital importance to their organizations. Attorneys and railroad officials think that there will be no more trouble or outbreak by the men until after the whole matter has a final hearing.

General Manager H. W. Ashley of the Toledo, Ann Arbor and Northern Michigan says it is not a matter between the Ann Arbor road and its men or the Lake Shore and its employees now, but a question between the men and the United States and it will be fought out on that line as long as the issue has been made. It will do them no good to fight the railroads now.

Mr. Ashley incidentally stated that the Ann Arbor road, under the non-union men for the past week had been handling 30 per cent more cars than were ever before handled in the history of the road. He is well satisfied with the change.

In the case of Chief Arthur, Hon. Frank Hurd, one of his attorneys, says that it will be appealed to the circuit court of appeals, which meets at Cincinnati. The appeal will be made within 30 days, and the case will be heard within the next 60 days.

State Troops Fail to Drive the Revolutionists From Their Entrenched Position—The National Government Has Not Yet Taken Any Part in the Affair.

RIO JANEIRO, April 5.—Details have reached here of the battle fought on March 27, at Alegrete, Rio Grande do Sul, between the state government troops and the revolutionists. According to the report that has reached this city the slaughter of the state troops was frightful, while the loss of the revolutionists was also very heavy. The revolutionists held an entrenched position at Alegrete, and when the state troops attempted to drive them from their vantage ground they made a most desperate and successful resistance.

It is said that there were 1,500 combatants engaged on both sides, and that of this number 500 were killed and a large number wounded. The state troops were driven back, and the revolutionists have undisputed sway at Alegrete, which place is used as their base of operations against the government. It is stated that the state troops will be reinforced and an attempt made to drive the insurgents from their position.

The national government has as yet taken no active steps to support the state government.

MASKED HIGHWAYMEN.

The Hungarians began to show fight and a desperate conflict took place between them. Three of the Hungarians, whose names can not be learned, were knocked down, shot at and robbed. One of them had three bullets in his left leg, another had two in his breast, and the third one a bullet and a knifeblade in his shoulder.

It soon became known in the city of Hazleton, and the coal and iron police turned out and were joined by a large crowd who went in search of the Italians, but they were lost sight of at a place called "the swamp," and have so far made their escape. The injured men are being cared for, and it is thought that two of them will recover, while the other will die from his wounds.

Election in Kansas.

KANSAS CITY, Kan., April 5.—Great excitement attended the municipal election in this city yesterday. The feature which lent special interest to the contest was the unusually large registration of women, and the fact that a woman candidate for mayor was in the field. The result of the election was the most sweeping victory ever scored in the city by the Republicans. The women turned out en masse to cast their ballots, but strange as it may seem, they did not cast them for Mrs. Potter, the woman candidate. Mrs. Potter received only about 50 votes all told.

WEATHER INDICATIONS.

For Kentucky—Increasing cloudiness, local rains, easterly to southerly winds.

The Frankfort correspondent of the Danville Advocate says that "eight out of every ten members in both houses who are asked for an expression of opinion on the subject say they will vote for removal of the capital, and of the number they are the oldest and most conservative." Well, give it to Lexington and settle the matter. That city is the center of the Blue Grass region, and really ought to be the State capital.

KENTUCKY CROPS.

Monthly Report of the State Commissioner of Agriculture—The Wheat Prospects.

In his monthly report, State Commissioner of Agriculture McDowell says: "The winter has been unusually severe, both on grain and stock. The fall grasses were all cut very short by the continued dry weather, and all kinds of stock had to be fed and cared for very early. Reports as to the wheat crop are varied. It has had much to contend with from the time it was planted to the present. Through the fall the ground was so very dry that seeding was done with difficulty. In many places the wheat was sown in dust, and in some instances did not germinate for more than thirty days, and, of course, made very little growth for the winter. The snow in the greater part of the State was great protection to the plant, being very tender; some farmers think that the crop was as promising the 20th of last month as it was the same time last year. Many farmers write very encouragingly that the hard winter is over; that their stock has come through the winter better than they expected, and that they have enough feed left to make their crop. The weather is fine for plowing now, and, if it continues, the farm work will be well advanced. The condition of wheat is placed at 90 per cent.

"The rye crop is growing smaller every year, so many counties report none raised, and where it is raised it is principally for pasture. The counties that grow it report the prospect very fair.

"I have very much the same report to make of barley as I made of rye, very little grown in the State; great many correspondents say not enough to give a per cent.

"The oat crop is nearly all sown; the crop will be small. It ought to be good, as it was put in in good time. The acreage and condition I will give in my next report.

"Horses and mules have both wintered well; comparatively free from disease; some twenty counties report distemper, and one county (Ballard) reports some cases of glanders among the horses; but the authorities were very prompt to take steps to check the disease, having killed and burned several head, and it has entirely disappeared.

"From every county comes the same report as to the shortage of the hog crop. In my Government report I asked as to comparative number of brood sows, which was very considerably less than former years, as low as 60 per cent, which, of course, promises badly for a full crop this year. By care and attention and plenty of corn, stimulated by high prices, will make a difference in increasing the number. I have a very full report as to the quality of the hogs, but not as to the quantity; will try to be more specific next month, and get the amount of shortage. Cholera is reported in many counties; but the greatest complaint is the scarcity.

"The condition of cattle is reported good. No disease reported anywhere; the per cent. is placed at 95. The number fed this year, as compared with former years, is placed at 90 per cent."

Attention is called the advertisement of W. R. Janvier, who purchased Jas. W. Fitzgerald's fine stallion Aleandre last fall. Mr. Janvier makes the following offer: "Aleandre's get, from my own mares, I shall push to the front with all consistent haste, and to induce patrons of the horse to follow a similar course, I make the following offer: I will give \$500 to the owner of the first yearling that takes a race record of 2:30; \$100 to each of the owners of the first ten of his colts that enter the 2:30 list; and \$200 to each of the owners of the first five of his colts that take race records of 2:20 or better.

In Olden Times

People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently cure habitual constipation, well-informed people will not buy other laxatives, which act for a time, but finally injure the system.

THE BAR'S TRIBUTE.

Resolutions Adopted in Memory of the Late Hon. W. H. Wadsworth.

"In Him Were United Brilliancy of Intellect, Stainless Integrity and the Kindest of Hearts."

The Mason County Bar paid a meager tribute to the memory of the late Hon. W. H. Wadsworth at the meeting yesterday afternoon.

The meeting convened at 3 o'clock in the court room, where the members of the Bar had so often been entertained and instructed by the words of wisdom and the fiery eloquence of the deceased.

Every member of the Bar in the city was present, and many other citizens were in attendance. On taking the Chair, Mr. John G. Hickman spoke briefly in eulogy of his honored and life-long friend. Other addresses followed from L. W. Robertson, Esq., Captain M. C. Hutcheson, Mr. R. M. Marshall, of Sardis, Hon. Geo. W. Sulser, Geo. R. Gill, Esq., and Mr. Geo. W. Adair. At the conclusion of the addresses, the following resolutions were adopted by a rising vote, after which the meeting adjourned:

WHEREAS, The hand of death has stricken our beloved associate, Hon. W. H. Wadsworth, and in view thereof we, the members of the Mason County Bar, of which he was so long an ornament, desire to express our sense of the irreparable loss which has befallen this community and ourselves; therefore, be it

Resolved, That by his death an able, learned and accomplished lawyer, a matchless advocate and a finished orator has passed from our midst. He was fearless, untiring and conscientious in the performance of every professional duty; a man revered and esteemed by us all, as well as by all who knew him, courteous, dignified and manly in all his intercourse with his fellow-men. He was a true friend, a wise and beneficent counselor, a lover of his country and a public spirited citizen. His time, talents and means were ever at the service of any good or worthy cause. Benevolent almost to a fault, no object of charity ever appealed to him in vain. Endowed by nature with a mind of the highest order, it was cultivated and enriched by long years of constant and varied study. In him were united brilliancy of intellect, devotion to duty, stainless integrity and the kindest of hearts. His life was one of intense activity. In the forum and upon the rostrum, in the service of his State and of his Nation, and in the daily walks of private life he endeavored himself to all by those "qualities that sanctify friendship and dignity and adorn a manly character." Our association with him was such that we were drawn to him by ties of warmest affection. And now when at the ripe age of seventy-two, and in the full possession of all his faculties, he is called from us, with unfeigned sorrow, and proud of his noble life and the honor which his attainments and character have cast upon the Mason County Bar, we pay this meager tribute to his memory.

Having exceeded the bounds of man's appointed years, "Life's labor done, Serenely to his final rest he passed. While the soft memories of his virtues yet linger like twilight hues when the bright sun is set."

2. That we tender to the bereaved family of the deceased assurances of our sincere and heartfelt sympathy.

3. That the Chairman of this meeting is directed to present a copy of these resolutions to the Mason Circuit Court at its next June term, with a request that they be enrolled on the records of the court.

SHOT TO KILL.

But Fortunately the Ball Struck a Rib, and the Man's Life Was Saved.

Mr. John Fishter was shot and painfully wounded yesterday afternoon at his home on the hill a mile or so southeast of Maysville. William P. Richmond, of Manchester, O., did the shooting, which was entirely unprovoked, according to reports.

Mr. Fishter is a breeder of fancy hogs, and it seems had promised Richmond a pig. Richmond, in company with Arthur Clinger, also of Manchester, called yesterday afternoon to get the animal. Fishter had but four pigs, and told Richmond he would have to wait. Richmond had been drinking and was considerably under the influence of liquor. He soon became so abusive, that Fishter ordered him to leave. But instead of leaving he at once whipped out a pistol, and began shooting at Fishter.

Three shots were fired, the third being the only one that took effect. Fortunately it struck the eighth rib, and glanced off without entering the cavity. The wound is a few inches below the heart, and is very painful though not dangerous. Dr. Pangburn dressed the wound.

Fishter was taken by surprise, by the shooting. He was unarmed, but seized a rock and went in to clean Richmond out. The latter beat a hasty retreat, and escaped.

Richmond had not been captured at last accounts. Constable Dawson arrested Clinger who will have to answer for carrying concealed weapons. A pistol was found in his pocket.

ON last Thursday evening the stable and corn crib of John L. Disher, near Germantown, were burned. The fire originated in the corn crib from a cause unknown. LAUREL HILL MINE DISASTER.

Probably Five Entombed Men, With but Little Hope For Them.

HAZELTON, Pa., April 5.—It is now ascertained that there are three men, and probably five, in the Laurel Hill mine. The names of the three known ones are Thomas Hudson, W. L. Trembath and Richard Williams. Two Hungarian laborers are also missing. They have not been seen since the accident occurred and it is believed that they are the men seen by Harry Hawke to go under the water when he was coming out. A vigorous search has been instituted for them, but so far without success. The mine officials still refuse to be interviewed. They stoutly deny, however, that there are any more than three men still imprisoned.

Yesterday afternoon the men came unexpectedly upon a maule, almost covered with mud and slush. To the surprise of the workmen it was still alive. Among the debris was also found the shirt and coat worn by Richard Williams. This would indicate that he had divested himself of his clothing and had endeavored to swim out.

SCAFFOLD GIVES WAY.

Five Men Hurl'd a Distance of Sixty Feet to the Ground.

WEST SUPERIOR, Wis., April 5.—One of the worst accidents that has occurred in this city for a long time happened just before noon. A scaffold gave way on the Belt line on Harrington elevator, being built by Barnett, Record & Company, and five men were pitched 60 feet to the ground. They were C. H. Benson, Charles Gustavson, Emery Garvis, J. K. Cernes and Pat Quinn. Benson and Quinn will probably die as they have internal injuries of a serious kind. The others will recover.

Too little care was taken in putting up the scaffold, although the men are mostly to blame for it themselves. They have all been removed to the hospital and now lie there, some in an unconscious state.

This Strike a Failure.

CHICAGO, April 5.—The strike of 1,000 carpenters, scheduled to take place yesterday at the world's fair grounds, to enforce discrimination against non-union men, turned out a dismal failure. Less than 100 quit work. The leaders attributed the failure to a misunderstanding, but the real reason seemed to be that the rank and file had weakened at the firm front presented by the exposition officers.

CHICAGO, April 5.—Ex-Coroner Hertz, prominent in political circles and a candidate last fall for state treasurer on the Republican ticket, was severely injured yesterday afternoon in an attempt to board a cable train. He fell under the wheels, and one leg was so badly crushed that amputation will probably be found necessary. He also received severe internal injuries.

Choctaw Militia Not Yet Disbanded.

PARIS, Tex., April 5.—The Choctaw militia at Antlers have not yet disbanded as they agreed to do. They still intend to attack Locke, who is fully prepared for them.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
